Contact Information	[Mobile No. and Institutional Email Address]
Co-Investigator(s) or Adviser	
Name	
Role/Title	
Contact Information	

1. PURPOSE OF THE STUDY

You are being invited to participate in a research study being conducted by [name of researcher/s] from [department/college/institution]. This study aims to:

- *(Explain the study's purpose in 2-3 simple, non-technical sentences, e.g.,)*
  "Explore how university students perceive and respond to leadership behaviors in group settings, especially in relation to gender roles and cultural expectations."

The findings of this study may contribute to improved practices, theoretical insights, or policy-making in the fields of [e.g., communication studies, education, psychology].

2. PARTICIPANT INVITATION AND ELIGIBILITY

You have been selected to participate in this study because:

- You are [describe the inclusion criteria, e.g., a male student leader aged 18 and above who is currently holding a leadership position in a college organization].
- You meet the eligibility requirements defined by the research protocol.

Participation is completely voluntary and you may decline without any consequences.

3. PROCEDURES INVOLVED

If you agree to participate in this study, you will be asked to take part in:

- A [type of activity, e.g., one-on-one interview, focus group discussion, survey, observation]
- Estimated duration: __ minutes/hours
- Number of sessions (if applicable): __
- Mode: [face-to-face / online via Zoom, MS Teams, etc.]
- Location: [Specify, or write "virtual platform"]

The session may be audio- and/or video-recorded with your consent. You may choose to decline recording.

You may be asked to:

- Answer questions about [e.g., your leadership experiences, views on masculinity, academic challenges, etc.]
- Share opinions, reflections, or personal experiences relevant to the study

4. VOLUNTARY NATURE OF PARTICIPATION

Your participation is entirely **voluntary**. You may:

- Decline to answer specific questions
- Pause or discontinue participation at any time
- Withdraw from the study before, during, or after participation—without penalty or loss of benefits

5. POTENTIAL RISKS OR DISCOMFORTS

This study may involve the following **minimal risks**:

- Emotional or psychological discomfort due to personal or sensitive questions
- Fatigue from long discussions or surveys
- Privacy concerns (if participating in a group setting)

Risk Mitigation Measures:

- You may stop the session at any time or skip questions
- Support resources or referrals will be provided if needed (e.g., guidance counselors, health services)
- Group discussions will include confidentiality agreements

6. POTENTIAL BENEFITS

While there is no direct or monetary benefit to you, you may gain:

- Personal insight or reflection on your own leadership and identity
- Opportunity to contribute to academic knowledge and social development
- Access to a summary of research findings upon request

7. CONFIDENTIALITY AND DATA PROTECTION

Your personal information and data will be handled with strict confidentiality. The following measures will be applied:

- Data will be anonymized using codes or pseudonyms
- Personal identifiers will be removed from transcripts or reports
- Digital files will be stored in encrypted, password-protected folders
- Only the researcher(s) and adviser will have access to raw data
- Data will be retained for __ years and securely destroyed after

If interviews or sessions are recorded:

- Audio/video recordings will be deleted after transcription and verification
- No images, names, or voice recordings will be published without your **explicit written permission**

8. COMPENSATION OR INCENTIVES

You will receive a token of appreciation for your time, such as [₱__, mobile load, gift voucher, certificate, etc.].
No compensation or incentive will be provided for participation.

9. USE OF STUDY FINDINGS

The data collected may be used for:

- Undergraduate/graduate thesis or dissertation
- Academic publications or conferences
- Institutional reports or policy briefs

Your identity will not be disclosed in any of these outputs unless you provide **explicit written permission**.

10. PARTICIPANT RIGHTS

By signing this form, you acknowledge that:

- You have the right to ask questions at any stage of the research
- You may refuse to answer any question
- You may withdraw from the study at any time
- You may request access to your data, or request it be removed (before final analysis)

11. ETHICS APPROVAL AND COMPLAINTS

This research has been reviewed and approved by the Research and Development Center of UPHSD – Molino.

If you have concerns or complaints regarding this study, you may contact: rdc.molino@perpetualdalta.edu.ph.

STATEMENT OF CONSENT

Please check the appropriate boxes:

☐ I have read and understood the information provided above.
☐ I was given the opportunity to ask questions, and they were answered clearly.
☐ I understand that participation is voluntary and I can withdraw at any time.
☐ I voluntarily agree to participate in this research study.
☐ I consent to audio and/or video recording.

Participant's Name (Print): _____
Participant's Signature: _____
Date: _____

FOR PARTICIPANTS UNDER 18 YEARS OLD

Parent/Guardian Consent:
☐ I have read the study information and give permission for my child to participate.
☐ I understand their participation is voluntary and confidential.

Parent/Guardian Name (Print): _____
Signature: _____
Date: _____

FOR RESEARCHER'S USE

I confirm that I have explained the nature and purpose of the study, procedures, potential risks, and participant rights in clear language, and that the participant has voluntarily agreed to participate.

Name of Researcher (Print): _____
Signature: _____
Date: _____
